

Safe Steps

to Visiting the Village

Postpone if you are sick.

If you feel unwell, please call us at 248-524-3570 and we will refund your ticket or program fees.

Tip: designate a door opener!

If you designate one person to open all doors it will limit the amount of surface contact your group encounters during their visit.

Pre-book your visit or program.

Our Village Exhibit visits are limited to one family unit per 15-minute time slot. Village programs are limited in size to maintain safe distancing and CANNOT accommodate walk-ins (cutoff will be 24 hours before the program).

Do not touch the objects.

All hands-on items have been removed from exhibits for your safety; historic items should never be touched or handled.

Please visit www.troyhistoricvillage.org for more information!

You must wear a mask.

Your visit will take you inside buildings, wearing a mask prevents the spread of viruses in these spaces.

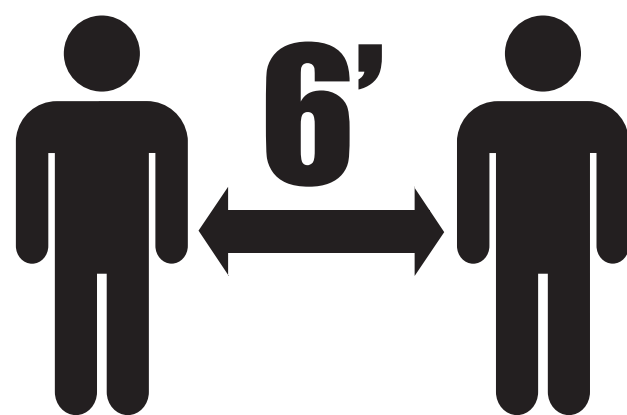

Sanitize!

Utilize the hand sanitizing stations in each building during your visit.

Please maintain a 6-foot distance.

Timed visits are 15 minutes apart to allow one family unit in a building at a time. Programs will allow for ample space between participants. Please be aware of potentially shared spaces like the Church.

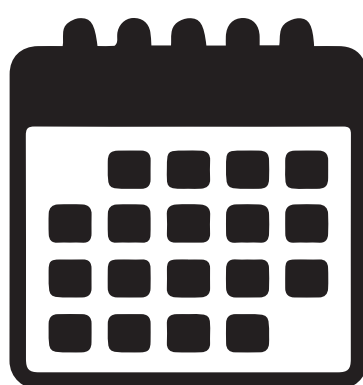

Stay for a Picnic.

You may use a picnic table at the end of your visit, please pick up a sanitizing bucket and follow the posted directions.

Help us with contact tracing.

If you develop Covid-19 symptoms within 14 days of your visit, please notify us immediately.

One person may visit the Village Store.

A mask must be worn indoors or you can call 248-524-3570 and arrange a contactless purchase and pickup of items in the store.
